A NEW INTERPRETATION OF LUXURY

The Hommage Luxury Hotels Collection combines first-class service, exquisite regional cuisine and a wide variety of wellness options, as well as unforgettable moments in traditional five-star hotels. What makes our accommodations so special is the promise of a truly unique experience in each one of the hotels. This is in part because every hotel belonging to the Hommage Luxury Hotels Collection has its own close connection to its surroundings and regional characteristics. This way, you can make a personal discovery while exploring the area. Our finely selected palette of hotel experiences covers a wide range of exclusive activities in and around the hotel, such as an early morning oyster harvest with a star chef. These experiences round off our reinterpretation of contemporary luxury. It's our promise to all our guests to provide them with the subtle differences that make a stay at any of our hotels something that will be remembered and cherished for a lifetime.

WHERE MOMENTS MAKE MEMORIES

LOCAL DELIGHTS CRAFTED TO PERFECTION

The best way to get to know a place is to try it. That's why each of our houses invites you to discover its unique regional flair through its individual cuisine and specialties. For us, the culinary journey is a very special one and begins with exquisite ingredients provided by our regional partners. These are then cooked to perfection by our top chefs, who always take the time to pay homage to the local culinary culture, whether in Sylt or Wiesbaden. Every dish is created with the utmost attention to detail, ensuring that the entire dining experience is a culinary firework.

WHERE TIME DOESN'T MATTER

Today, one of the biggest desires is to leave the hustle and bustle of everyday life behind. Our hotels are the ideal answer and offer all tranquillity-seeking guests an oasis of rest, care and relaxation. Enjoy skin-indulging minerals in exclusive spa surroundings that will soon become your favourite place to stay during your visit. Discover first-class beauty treatments and massages that will quickly become your fountain of youth. Find your balance with our yoga activities and feel the stress melt away. Or take an après-sauna swim and cool down in the largest pool in the country, namely, the North Sea, and experience the unforgettable connection between nature and joy.

IT'S ALWAYS A PLEASURE

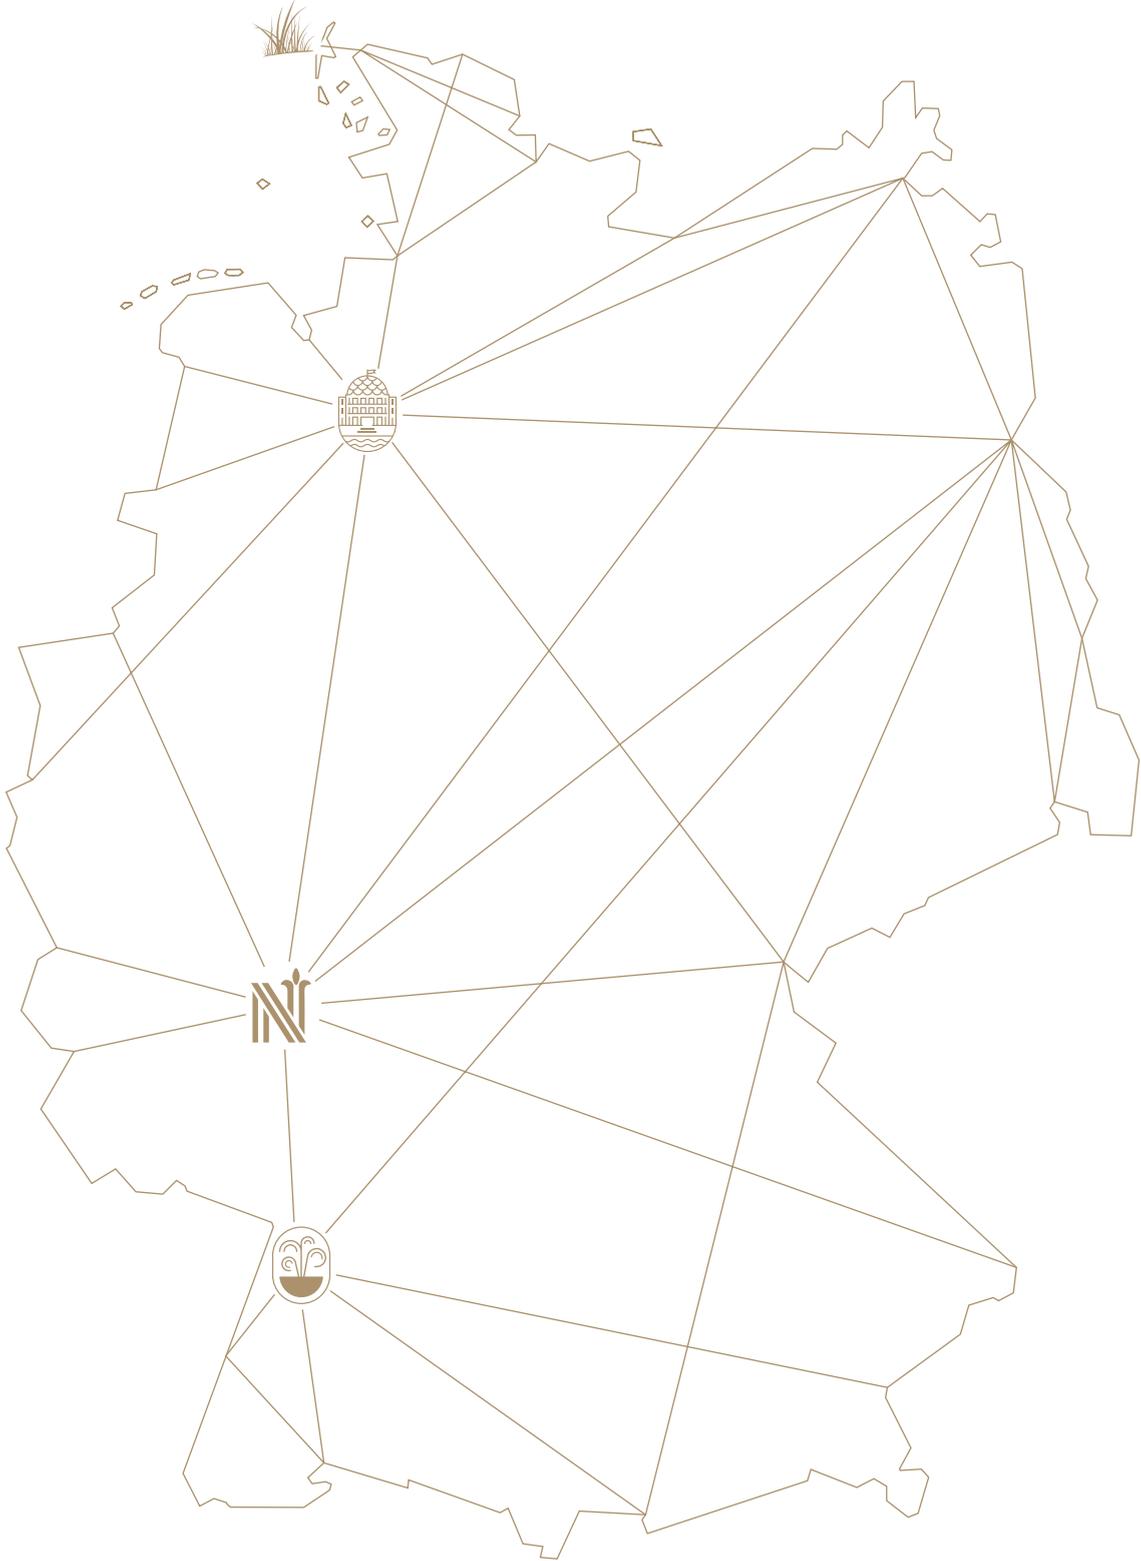

Unique experiences need equally unparalleled surroundings. That's why at our houses, we take special care that the most important days in your life are something truly magical for both you and your guests. No matter what the occasion is – wedding, birthday or a new job milestone – we're there for you and always go the extra mile. It all begins with the exact planning of your celebration, and when it comes to this, we offer a wonderful range of unique venues. No matter if it's a small private room, ballroom or even the private rental of the Söl'ring farmhouse, we have just the place for your event. Our experienced service staff accompanies your planning from the beginning to the end. Our commitment to providing our guests with exclusive experiences throughout their entire stay makes us a trusted partner for creating magic and unforgettable moments.

DISCOVER HIDDEN MOMENTS

As an exclusive service to our guests, we provide experiences that get them into contact with the local region and customs in the most authentic way possible. Our Hommage Moments are sure to be something you will always remember and cherish. Take, for instance, a private, guided museum tour after opening hours, harvest grapes at a private winery or pick oysters off the Sylt coast for a sumptuous champagne breakfast while the morning rays of the North Sea sky gently wake you up.

All Hommage Moments are tailored to their location and depend on the season. Each one is always limited to a certain number of people and can be exclusively booked at the Hommage Luxury Hotel Collection.

SÖL'RING HOF
SYLT

EXQUISITE DINING WITH A NORTH SEA BREEZE

Sylt and luxury go together like sea and sand. The Söl'ring Hof has taken the concept of luxury and given it its own, unique interpretation. The result is absolute tranquillity and relaxation in a boutique-like hideaway with only 15 exclusive rooms and suites. Adding to the hotel's unique flair is its uncompromising cuisine, which is just as impressive as the magnificent view of the rolling North Sea. The hotel is quite literally a highlight in that it sits atop the Rantum dunes and is just a short walk away from the beach. The qualities and more make the Söl'ring Hof one of the most sought-after addresses in Germany.

The two-Michelin-starred gourmet kitchen celebrates regional ingredients.

At the Söl'ring Hof, you decide when the day starts; their special gourmet breakfast is served all day long. The hotel offers guests an exciting variety of experiences and discoveries, such as a personal cooking class with head chef Jan-Philipp Berner or owner Johannes King, who take their 'pupils' to new gastronomic heights. What's more, all Port Wine aficionados can look forward to the most

extensive collection north of Alto Douro. In-house sommelier Bärbel Ring is always there with a comprehensive list of rarities and vintages from the wine cellar. The two-Michelin-starred restaurant indulges its guests with high-quality regional products cooked to perfection.

Instead of numbers, all the luxurious rooms and suites are named after famous people associated with the island. From the rooms, one can gaze through the looking glass at the expansive seascape. Unlike other luxury hotels, the Söl'ring Hof gives guests their

own private place to retreat and relax without them having to make the slightest of compromises. On the contrary: guests can even look forward to their own personally reserved wicker beach chair. Whether it's a spontaneous picnic in the dunes or a stroll through the hotel's private herb garden, every wish is immediately transformed into an unforgettable experience.

PARKHOTEL
BREMEN

PALATIAL LUXURY AND ROMANTIC LANDSCAPES

This elegant and refined grand hotel is located in the middle of Bremen's historic park grounds. The hotel's modern interior, which was completed in 2020, forms a perfect contrast to the palace-like facade, which goes back to the 19th century. For citizens of Bremen, the structure is a much-loved institution, where important events can be celebrated under its unmistakable domed hall.

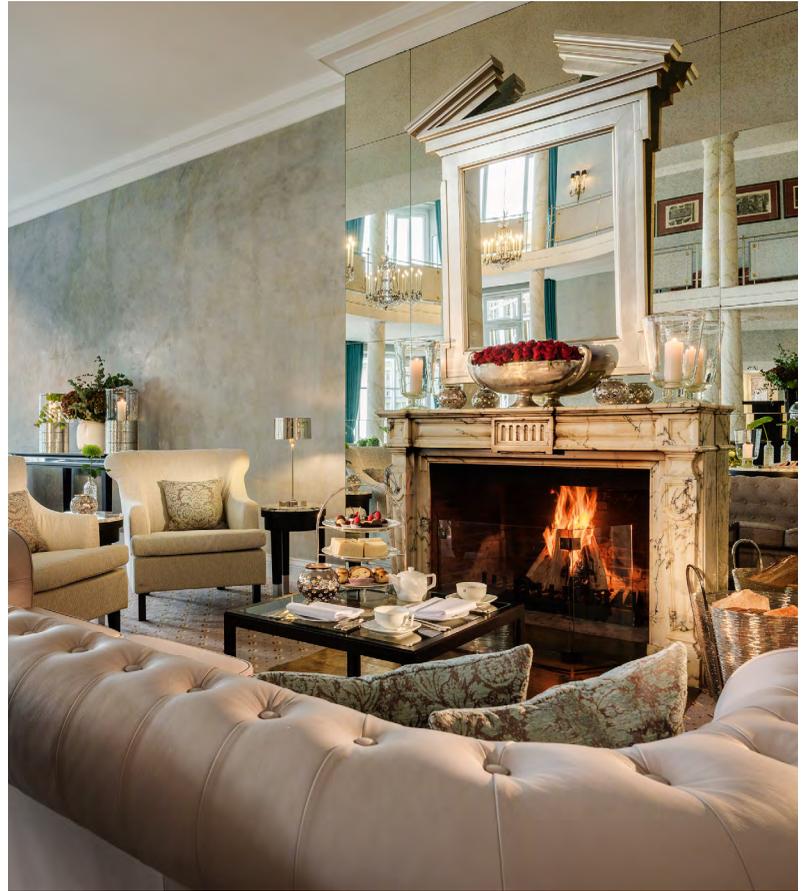

*Ideal for strolling or sport:
the adjacent park is the perfect
place to enjoy the magical
tranquillity of the early morning.*

Get cosy with some afternoon tea in the domed hall.

Breakfast is served in the Park restaurant.

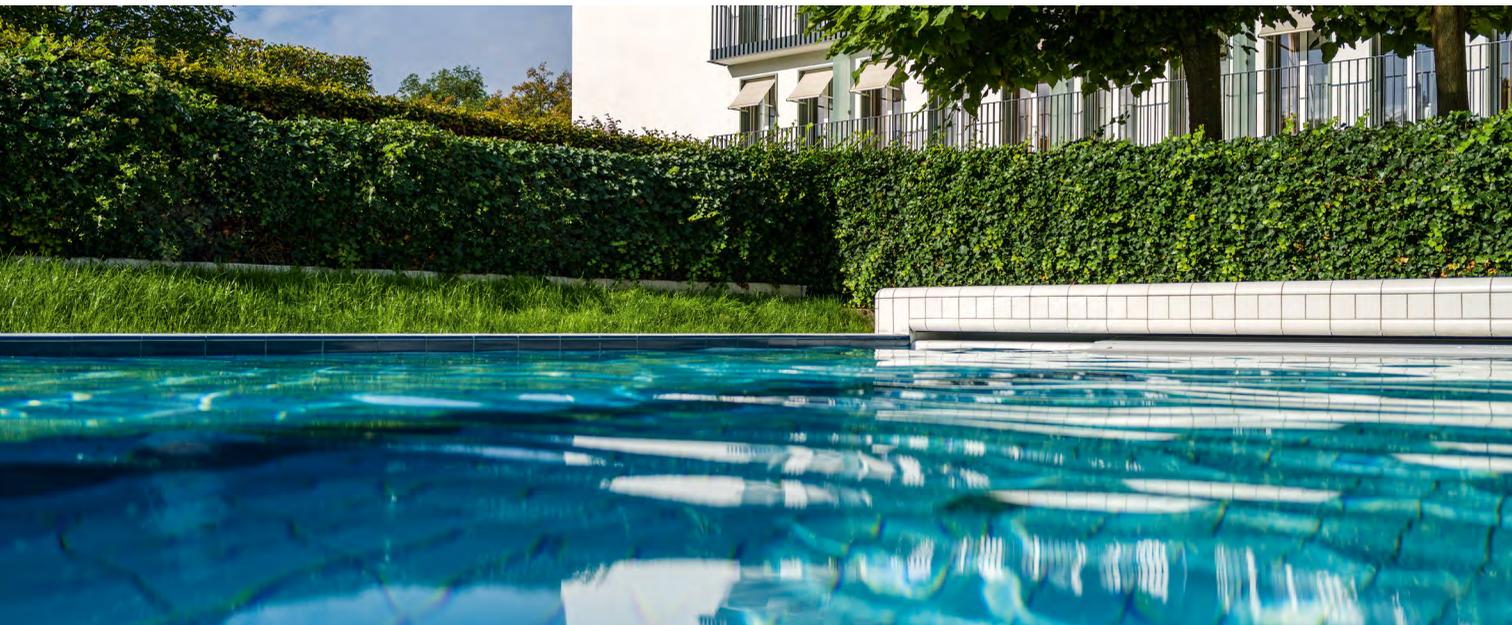

During the day, one can relax and enjoy the surroundings with a traditional cup of Friesen tea. As a perfect accompaniment, one must try a piece of the famous homemade signature cakes: just one of the many highlights from chef Sebastian Opperman and chef-pâtissier Rolf Feldmann. Together with their team, they create culinary magic in which guests can savour in the Park restaurant and in the conservatory. Right next door, connoisseurs and aficionados can visit the walk-in humidor and indulge in a fine cigar, complete with soothing music.

The new junior suite interior spoils the senses with refined elegance.

Pure physical relaxation can be experienced in the 1,200 m² wellness area with its spa, sauna area and beauty treatments. The only question is in which order? And for all active types, there is, of course, the professional fitness area with its panoramic view of the park. If you want to get even closer to nature, there is always the outdoor pool, which on warm days can easily compete with a South Sea vacation, complete

with a gourmet barbecue. Against the neoclassical backdrop of the hotel, one can relax on the terrace and take in the warm summer evening while gazing out at the Hollersee lake. There are countless reasons why guests from all over the world appreciate the incomparable style and the warm, cordial hospitality of the house.

Once an excursion restaurant and still a grand hotel: the Parkhotel has been a part of the Bremen cityscape since 1872.

Enjoy the panoramic view over the state capital.

NASSAUER HOF
WIESBADEN

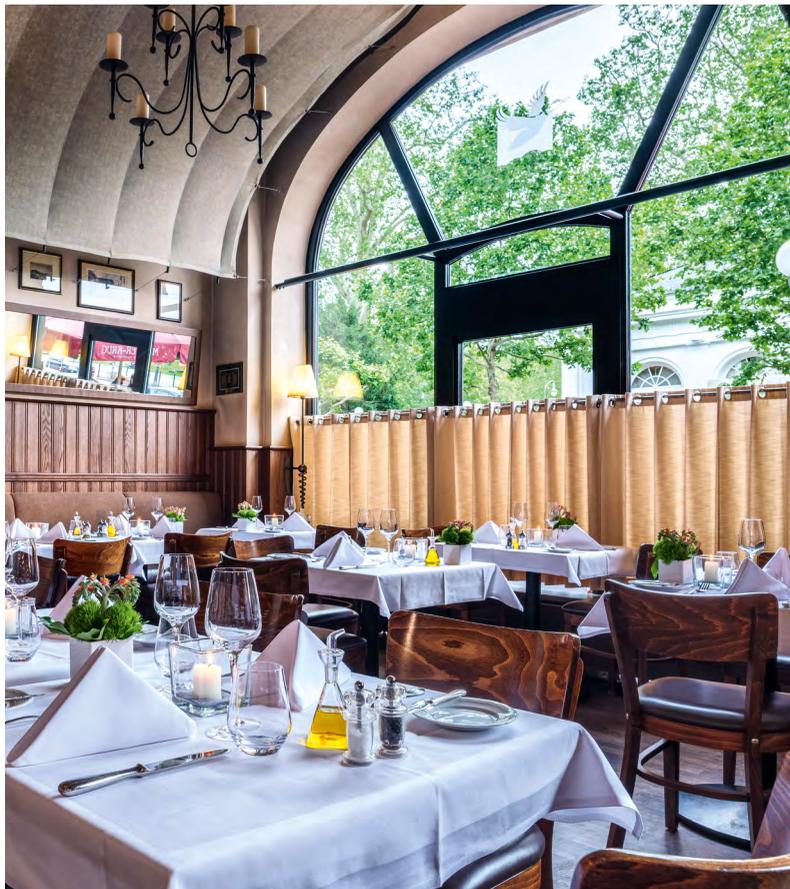

THE GRAND DAME'S TIMELESS CHARM

Just a short walk away from the Kurhaus and the Hessian State Theatre, one will find the Hotel Nassauer Hof. For over 200 years, this elegant building has been a city landmark. Upon walking through the entrance with its marble lobby, one immediately senses the hospitality of the staff and the unmistakable aura of a traditional grand hotel. The spacious rooms and suites with the views of the city convey the kind of timeless elegance one expects from a grand hotel.

The royal suite is a place to call home, far away.

Fine dining – simply casual: the ENTE Bistro is also run by Michael Kammermeier and his team.

One of the many highlights at the Hotel Nassauer Hof is the renowned restaurant ENTE. This culinary institution, which is well known beyond the borders of the Rhine–Main region, has consistently been awarded a star in the Michelin Guide for four decades. There, you can enjoy exquisite menus created by Michael Kammermeier. Needless to say, each dish is always perfectly combined with a wine from one of the best wine cellars in the country. And for those who prefer a more casual setting, there is always the Ente Bistro, which serves up French cuisine in the middle of Wiesbaden.

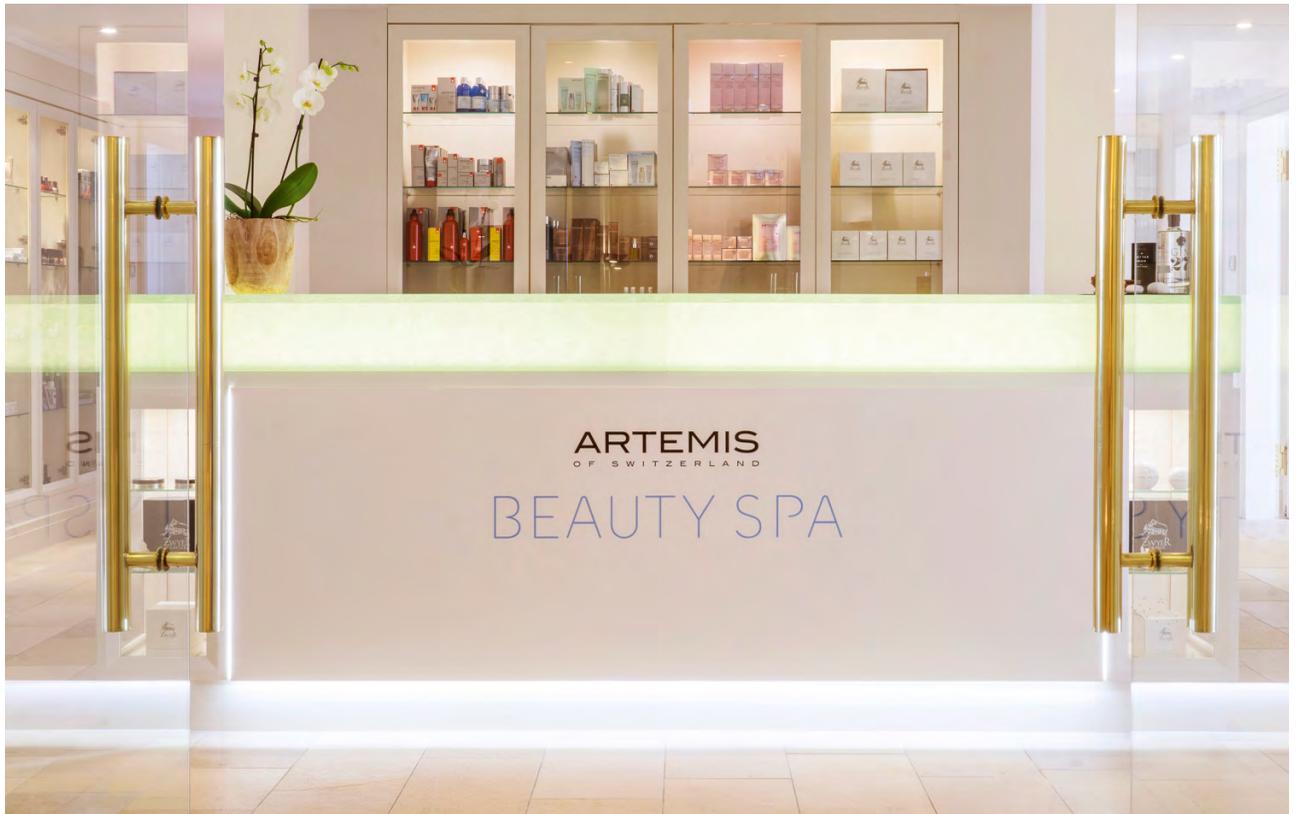

»INSPIRED BY THE WORLD'S
FLAVOUR – APART FROM
ANTARCTICA.«

This is how Michael Kammermeier, chef de cuisine of ENTE, defines his culinary style.

A special treat awaits guests on the top floor of the Hotel Nassauer Hof. There, visitors can discover a fully unique world of spas and thermal waters. The extensive pool, situated under the glazed panoramic roof, gets its therapeutic waters directly from the hotel's in-house thermal spring. Add to this various saunas, massages and

your own yoga instructors, and ultimate relaxation is guaranteed. A modern fitness area complete with a beauty studio completes the picture. Enjoying this much peace and tranquillity in the middle of a pulsating city is a unique offer, but at the Hotel Nassauer Hof – it's perfectly normal.

The view from Germany's only rooftop pool with thermal water is truly breathtaking.

MAISON MESSMER

BADEN-BADEN

BELLE ÉPOQUE IN MODERN TIMES

The Maison Messmer is a historic grand hotel that welcomes its guests with Black Forest charm and Mediterranean flair. All rooms and suites have recently been thoroughly modernised with a maximum of comfort, all without losing their original charm. The penthouse suite with its impressive designer decor is a perfect example. From its private rooftop terrace, one can see the famous casino and city park. In short: it's the perfect place to explore Baden-Baden's unmistakable charm.

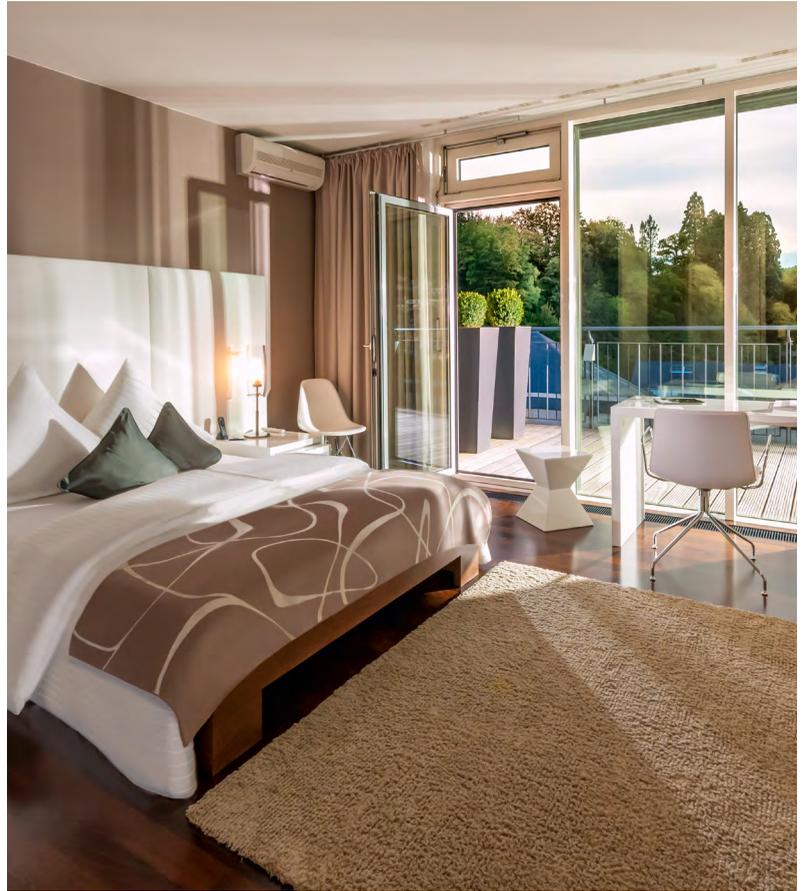

*Guests enjoy the regal view
of Baden-Baden.*

*Unforgettable: the pure luxury
of a 240 m² furnished patio
overlooking the picturesque city.*

*Local and Alsatian specialties
are prepared in the Theaterkeller
restaurant.*

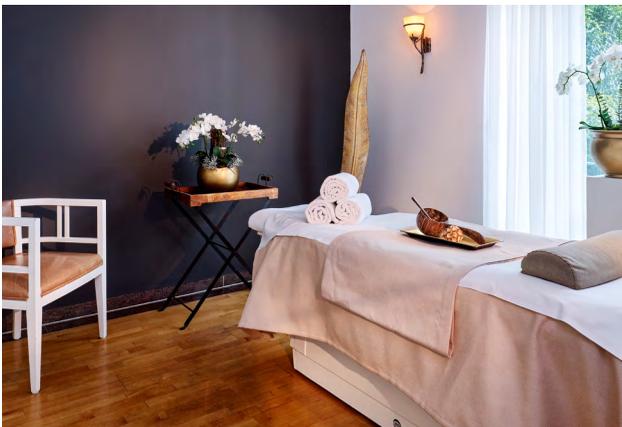

Look forward to a gourmet breakfast in the bright and airy Salon JB Messmer, or discover local and Alsatian specialties in the Theaterkeller while piano music perfects each dish. When exploring the city with its many small streets and historically listed buildings,

one cannot help but think about the rich cultural history of the city. The Maison Messmer proves this with its Malersaal, which is almost 300 years old. This elaborately restored jewel still serves as a stage for important events and brings all the glory of the belle époque to life.

The hotel's extravagant spa and pool area is equally timeless. A dip in the pool's emerald-coloured water, followed by a visit to the sauna, invites one to breathe out and de-escalate. The Maison Messmer can easily compete with any of the local spas found within the city. The hotel's other areas also reflect the personal

hospitality of a home away from home while always offering guests the intelligent luxury of a modern grand hotel. Or how they say it in Baden-Baden: "The good-good life."

The gateway to pure relaxation offers something special for the body and soul.
