## brilliant history

The Parkhotel has graced Bremen's cityscape since 1872. During its early years, it was known as the "Parkhaus" excursion restaurant, and since 1956, it has been recognized as the Grand Hotel, a name it still bears today. This impressive listed building is regarded as one of Bremen's iconic landmarks. It serves as a venue for glamorous events, offers tranquil luxury, welcomes prominent visitors, and hosts guests from around the world. Personal moments, and the warm greetings of your favorite waiter in the restaurant, are the reasons why our guests continue to return.
