DUSSELDORF

OVERVIEW OF DOCTORS AND SPECIALISMS

Dear Sir/Madam,

The well-being of our guests is of the utmost importance to us. As a leading business and lifestyle hotel, it is therefore a matter of course that we meet international demand for the provision of appointments for medical treatments, which we have seen growing over the years.

In the state capital of Düsseldorf, we created a service in 2010 dedicated to your well-being with the intention of making your stay even more pleasant and worry-free:

As a guest at our hotel, we offer the provision of appointments with doctors who are members of the Medical Advisory Board. The Medical Advisory Board is a team of doctors from various specialisms who are selected based on reputation among doctors themselves. This means that the doctors recommend one another for the board if they deliver excellent performance and outstanding service. All doctors on the Medical Advisory Board know one another and have been working together for years.

We are available around the clock to forward your enquiries and appointment requests to the doctors so as to make your stay as pleasant and effective as possible.

We look forward to your call.
